ReHydrate effervescent tablets contain important minerals that help to keep the body hydrated after intensive sport or heavy sweating. They can also support the general fluid intake by giving the water a delicious grapefruit flavor. Magnesium contributes to electrolyte balance, a normal energy-yielding metabolism and the reduction of tiredness and fatigue. Magnesium and potassium contribute to a normal muscle function.

20 effervescent tablets
Grapefruit flavour

Art.-No.: 173492

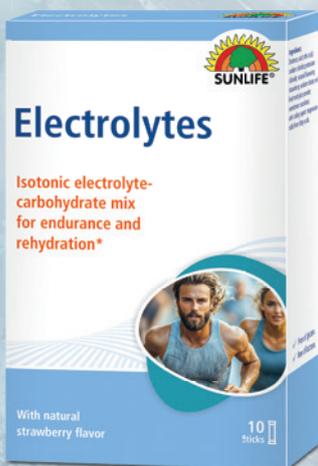

ReHydrate Plus Immunity effervescent tablets contain important minerals that help to keep the body hydrated. The combination with echinacea, zinc and vitamin C supports the immune system. Magnesium contributes to electrolyte balance, a normal energy-yielding metabolism and the reduction of tiredness and fatigue. Vitamin C and zinc contribute to the normal function of the immune system and the protection of cells from oxidative stress.
