**Christof Kara**  
CEO Sunlife® GmbH

**SUNLIFE®** is a producer as well as a supplier to renowned international trading partners in the food retail and pharmacy sectors in over 70 countries.

**SUNLIFE®** GmbH is one of Europe's leading manufacturer of tablets, capsules and effervescent tablets for vitamins and minerals.

**SUNLIFE®** produces and markets a wide range of: food supplements, vitamin products, minerals, OTC pharmaceuticals, sports foods, wellness and dietary products, cosmetic and care products, medical products.

**SUNLIFE®** products offer premium quality, are manufactured according to GMP/HACCP guidelines and have ISO 9001 certification.

**SUNLIFE®** products are a low-price, high-quality alternative to expensive brands and are in ever-increasing demand.

**SUNLIFE®** products contain a carefully balanced combination of active substances geared to the daily requirements recommended by the German Association for Nutrition (DGE).

**SUNLIFE®** has a comprehensive, innovative range of products fulfilling the requirements and wishes of a variety of target groups.

**SUNLIFE®** is constantly developing new products in line with consumer demands in its own research and development department.

**SUNLIFE®** exploits its considerable experience to provide flexible product solutions, even satisfying special, individual requests from its customers for private label or brand name products.

**SUNLIFE®** offers its business partners reliability, performance and a service orientated way of thinking and acting as important prerequisites for success.

## An obvious choice

**SUNLIFE®** produces top quality goods at refreshingly attractive prices for the market, all reflected in a high degree of customer acceptance which is retained even during difficult economic periods.

## Innovation

**SUNLIFE®**'s comprehensive range includes a wide variety of standard products which are suitable for a large number of international markets due to their adaptability to consumer requirements and their marketability.

In addition, **SUNLIFE®** develops its own innovative products whose favourable price-performance ratio offers its partners the possibility of considerable sales and profit optimisation.

## Variety of production

**SUNLIFE®** has extensive, certified development and production capacity at its disposal. The composition of OTC pharmaceuticals as well as complex vitamin- and mineral products is carried out in the company's own laboratory and analysis centre, allowing a flexible short-term realisation of new products or simply changes and adaptations of formulations and compositions.

## Operating side-by-side

**SUNLIFE®** can look back on many years of experience in the development of private labels. Only **SUNLIFE®** offers prospective customers the option of small introductory quantities tailored to their needs for launching brand-name products. In this way, specific solutions can be elaborated and transferred to a wide range of formulations and forms of administration.

**SUNLIFE®** is able to use its acknowledged know-how to position and to develop branded products and offers advice and support to its trading partners and clients at every phase, right through to market penetration. Our idea of success is the success of our partners.

## Time to market

**SUNLIFE®**'s distinct performance profile and production capacity, coupled with a highly efficient distribution network encompassing numerous markets and countries, create synergy effects in favour of its partners from the food retail and pharmacy sectors which, as a result of the fast development and production of the vitamin and mineral products, ensure competitive advantages with regard to time and price.

## Bladder-Kidneys / Stomach-Intestine **Bladder-Kidneys / Stomach-Intestine**

The body can be overburdened by fatty food and alcohol, which can lead to flatulence, stomach pressure and distension. These are signs that the digestive system is not working properly. The substances contained in artichokes assist in counteracting excessive fat intake. The active substances in pumpkin seed capsules aid digestion, result in a feeling of well-being and stimulate the metabolism.

**Artichoke effervescent tablets****Art-No.:** 6929**Composition (per tablet):**

SUNLIFE® Artichoke effervescent tablets stimulate the natural formation of bile, thus assisting the digestion of dietary fat. The biters contained in artichokes aid digestion and are beneficial to the stomach, liver and gall-bladder.

- ✓ Free of gluten
- ✓ Free of lactose
- ✓ Vegan

## Lactose powder

Art-No.: 103512

Lactose is split up in the small intestine by the body's own enzyme lactase in the individual components, glucose and galactose. This is done relatively slowly, so that a part of the lactose can pass into the large intestine. In the large intestine special bacteria are capable of reducing the lactose to various substances, which stimulates the growth of those bacteria.

The various degradation products activate numerous endogenous processes.

The SUNLIFE® milk sugar (lactose) corresponds to the high requirements of lactose according to German / European standards.

- ✓ Pharmacopoeial Quality
- ✓ Highest purity class

**Content:** 500 g per folding box  
**Shelf life:** 30 months  
**Minimum order quantity:** 10.000 folding boxes

## Muscle and Joint Bath

Art-No.: 117472

Everyday stress often leads to complaints of muscles and joints. A warm bath with the SUNLIFE® muscle and joint-bath additive can then act very beneficial.

SUNLIFE® muscle and joint-bath contains the proven combination of high-quality oil of rosemary and natural arnica extract. Highly effective methyl salicylate, in conjunction with the warm water for an intense warming and circulation-enhancing effect.

Claimed joints and muscles are noticeably more relaxed and more flexible.

- ✓ According to current scientific knowledge developed
- ✓ Free of paraffins, mineral oils and silicones
- ✓ Free of alkaline

**Content:** 250 ml per folding box  
**Shelf life:** 30 months  
**Minimum order quantity:** 10.000 folding boxes

## Joint 1200 activ plus capsules

Art-No.: 109750

**Composition** (per 2 capsules):

SUNLIFE® Joint 1200 active plus contains a selected combination of important nutrients. Glucosamine and chondroitin are components of the cartilage and connective tissue in the joints.

Vitamin C contributes to normal collagen formation for normal cartilage and bone function. Vitamins E and C help to protect the cell components from oxidative stress.

SUNLIFE® Joint 1200 active plus is a high-quality dietary supplement, manufactured and controlled according to international quality guidelines.

**Content:** 20 sticks = 42 g per folding box**Shelf life:** 30 months**Minimum order quantity:** 10.000 folding boxes**Kiddy Drops****Art-No.:** 112538**Composition (per 5 ml):**

SUNLIFE® Kiddy Drops is a food supplement, which provides iron in a well absorbable form. Iron is one of the nutrients lacking most frequently in diets especially when they are cereal or root based, which are poor sources of bio available iron. Iron is essential for normal growth and development, particularly for generating red cells. The red blood cells transport oxygen to the heart, brain and other organs to maintain cell function and energy balance.

The body has to be supplied with minerals via the nourishment. Minerals can support the vitality as well as the self-healing processes in every age. Furthermore, they can boost the body physically and mentally. Minerals function in numerous ways. For example, Calcium acts as a nutrient in bones and teeth. Minerals are important for the activation of multitudinous metabolic processes and are essential for the water balance of the body.

**Alkaline powder****Art-No.:** 109125**Composition** (per 30 g):

A regulated acid-base balance is of an essential importance for every human organism. Furthermore, it is a basic prerequisite for the functioning of the entire natural metabolic process. SUNLIFE® Alkaline powder is recommendable for anyone who would like to support the acid-base balance

Magnesium 200 mg (53 % NRV\*)

Food supplement for preparing a drink with magnesium. Magnesium, an important constituent of bones and muscles, plays a central role in energy metabolism.

- ✓ Free of gluten
- ✓ Free of lactose
- ✓ Sugar free
- ✓ Vegan

**Content:** 20 effervescent tablets = 80 g**Shelf life:** 36 months**Minimum order quantity:** 10.000 tubes

29

Good indications of a balanced diet are healthy skin, thick hair, strong nails and supple connective tissue. A fundamental step towards achieving these is to supplement one's diet with amino acids, proteins, silicon and the B-complex vitamins contained in brewer's yeast.

**Biotin 5 mg Nat. tablets****Art-No.:** 116151**Composition (per tablet):**

The cause of hair loss, thin, brittle hair and nails as well as skin problems can be a lack of biotin.

Biotin - also known as Vitamin H - is involved as a coenzyme in protein metabolism. Activating key enzymes are responsible for the formation of keratin.

Biotin can only be stored in small amounts by the body and should therefore be regularly included in the diet. Regular intake of biotin can contribute to fuller hair, firmer, more durable nails and healthy skin.

- ✓ High dosage
- ✓ One a day
- ✓ Free of gluten

Biotin	5 mg (10.000 % NRV)
--------	---------------------

**Content:** 60 tablets per folding box  
**Shelf life:** 36 months

## Collagen active capsules

**Art-No.:** 119261**Composition (per 2 capsules):**

The clinically proven ingredient BioCell Collagen® contains hydrolysed Collagen, Hyaluronic Acid and Chondroitin. Copper contributes to the maintenance of normal connective tissue and normal skin pigmentation.

Selenium helps to protect cells against oxidative stress which can be caused by free radicals. Free radicals can be caused by UV radiations, stress and environmental factors. These reactive molecules can damage the cells of the body and lead to premature aging.

Biotin, the "beauty vitamin" and vitamin A support the healthy skin function.

- ✓ Clinically proven active ingredient
- ✓ Free of lactose

BioCell Collagen	500 mg (**)
of which:

## Medical devices

Health care and prophylaxis entail dealing with a growing demand for pharmaceutical products. Providing optimal consultancy and the products geared to consumers' health needs has meant extending SUNLIFE's range to include products from the fields of health care and medicine. Working closely with competent partners, SUNLIFE® offers certified and registered pharmaceutical products at attractive prices.

## Sea water Nasal spray

Art-No.: 114969

Content: (20 ml)

SUNLIFE® Sea water Nasal spray moistens and cleanses the nasal cavity and prevents drying of the nasal mucosa.

1 ml of isotonic salt solution sea in accordance with a 0.9 % sodium chloride solution

The beneficial effects of sea water on a dry and irritated nose has long been known. Especially dry air in heated and air-conditioned rooms as well as increased exposure to pollen or house dust can irritate the nasal mucosa.

SUNLIFE® seawater nasal spray is also recommended for the treatment of nasal congestion as well as supportive therapy for colds.

- ✓ Without preservatives
- ✓ Without propellant gas

Content: 20 ml per folding box  
Shelf life: 36 months

Minimum order quantity: 10.000 folding boxes

## Ovulation test

Art-No.: 103383

SUNLIFE® ovulation test helps to indicate the most fertile time of the month to determine when the woman is most likely to conceive. Reliable, easy and fast. For in vitro self-testing use only. For external use only.

- ✓ Simple  
Hold test strip in urinary stream or immerse it in urine.
- ✓ Reliable  
Over 99 % reliability if used correctly.
- ✓ Quick  
Test result can be read after only three minutes.

Content: 5 tests per folding box  
Shelf life: 36 months

Minimum order quantity: 10.000 folding boxes

## Pregnancy test

Art-No.: 2105
